

Healthy Michigan Plan Health Risk Assessment Instructions for Providers

Within 60 days of enrollment, Healthy Michigan Plan members are encouraged to schedule an appointment with their primary care provider and complete an annual Health Risk Assessment. Members receive an HRA in their welcome packet.

HAP Midwest Health Plan is partnering with Genesee Health Plan to process HRAs for your HAP Midwest patients. Their staff will contact the member to complete sections one, two and three of the HRA. They will also help members schedule their first PCP appointment if needed. If the member brings their HRA directly to your office, please complete your portion and fax it to Genesee Health Plan at (844) 225-4602.

Primary care providers responsibilities

Primary care providers need to complete section four of the HRA. Here are the steps:

- Enter the member's results.
- Agree on a healthy behavior with the member.
- Sign the primary care provider attestation. **All three parts of section four must be filled out for the attestation to be considered complete.**

HRA Submission and Incentives

HAP Midwest Health Plan offers a \$25 incentive for primary care providers who complete and return the HRA. This incentive payment is part of the Pay for Performance (P4P) bonus program. To be eligible, PCPs must:

- Complete and sign the HRA.
- Give the member a copy.
- Fax the completed HRA to (844) 225-4602.
- Bill with CPT code 96160. It will be processed at a \$0.00 fee. The transaction will appear on the remittance advice and submitted to the Michigan Department of Health and Human Services as an encounter.

If you have any questions, please contact (844) 214-0870.
